

Picture Perfect

Picture Perfect is a powerful, comprehensive graphics software package that fully utilizes the HP 150 Touch Screen. There are no commands to learn. Picture Perfect uses a simple "fill-in-the-blanks" approach to tell the computer how to display the data.

Use Picture Perfect to transform your data into pie, vertical bar, horizontal bar, and line charts. Enter data from the keyboard or from any of the popular spreadsheet and database products. Data can be shared among any of the Picture Perfect products.

To add text to a chart, type in the text and position it anywhere on the chart using HP Touch. Plot the charts one to a page or combine multiple charts on a single page. Save the charts as files or as images. Charts saved as files can be reproduced, modified, and stored for future use. In image format, the charts can be played back in a prearranged sequence or individually selected using the Picture Perfect Show utility.

The built-in Help facility is one of the reasons Picture Perfect is so easy to use. Touch a field and touch HELP or select a topic from the Help Index. Picture Perfect eliminates the need for a cumbersome manual and puts the information at your fingertips.

Other features include: overlapping bars, windowed labels and numbers, histograms, quick sketch, bidirectional X-axis, automatic axis generator, separate left and right axes, semi-log and log-log axes.

At last! A graphics software system to produce charts that are... Picture Perfect.

Hardware Requirements

Below is a recommended system configuration. Consult your Hewlett-Packard dealer for other configurations.

- HP 150 Personal Computer with 256K memory (standard)
- MS™-DOS 2.0 Operating System (standard)
- Dual 3½-in. or 5¼-in. Flexible Disc Drives or Winchester
- Disc with Flexible Disc Backup
- Male-to-Male RS-232-C printer cable or HP-IB cable
- HP 7470 or HP 7475 Graphics Plotter, Option 1 (RS-232-C) or Option 2 (HP-IB)

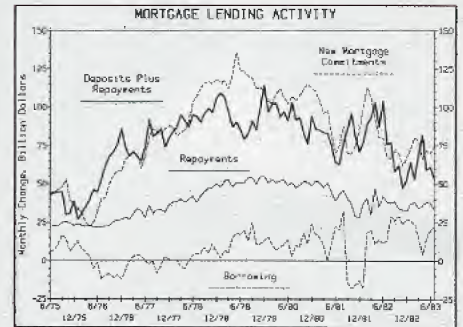

Ordering Information

Order product number 45462A, suggested retail price — \$295, from your local Hewlett-Packard dealer or HP sales office. Specify Option 650 (additional \$25) if you wish to receive your software on a 5¼-inch disc rather than on the standard 3½-inch disc.

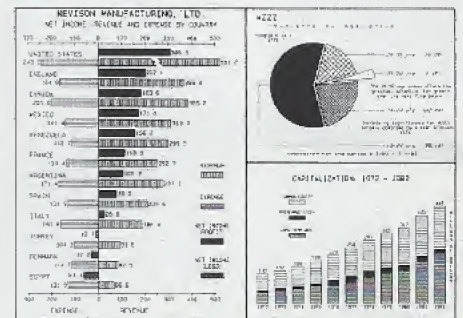

For Further Information

For further information on price and availability, contact your HP dealer, HP sales and service office, or call toll-free 800-FOR-HPPC.

The above information was supplied by Computer Support Corporation. Prices and specifications are subject to change without notice. Picture Perfect is a trademark of Computer Support Corporation. MS™-DOS is a trademark of MicroSoft Corporation.

To position text and legends, simply touch the screen.

Dynamic pointers allow the labels to be placed anywhere on a pie chart. Alter the size and location of the pie using HP Touch.
